

Our range of pvc doors incorporate high quality design features with high specification security options. Countless glass and panel options allow you to personalise your choice to create a statement for your home.

## Diversity

Front, back, french, patio, or bi-fold, all our doors are tailor-made to fit your individual requirements. We pride ourselves on quality and craftsmanship, leading to a diverse range of doors which are not only secure, but are designed to reflect the style of our windows ensuring continuity of image for your home.

## Residential Doors

## French Doors

## Your Door

Choose from three unique profiles providing you with over 6 door options.

## Designs

A wide variety of standard designs are available on our range of PVC doors. Additional options including; traditional arches, sidelights, fanlights and combinations are available.

## Bi-Folding Doors

Our range of pvc doors are available with a choice of ironmongery options allowing for increased security and improved aesthetics.

## Locking System

Our residential, french and bi-folding range of pvc doors incorporate five locking points which are made up of; two hook locks, two roller cams and one deadbolt. Shootbolt is optional to residential doors and bi-fold doors but comes as standard on french doors. Our patio doors benefit from four hook locks and anti-lift stops.

## Hinge

Our residential and french doors benefit from the inclusion of a robust flag hinge in which all fixing screws penetrate into the reinforcement. This can significantly decrease the chance of Door sashes "dropping" giving you peace of mind.

## Security

A range of security standards are available on our pvc doors. The standards include PAS 23/24 and Secured By Design. Ask a member of the sales team for the specific security options available on your chosen style of door.
